During these challenging and unpredictable times, C&M is determined to be a resource and support system for our employees, partners in business and local communities. At this moment, the health and safety of our family, friends, employees and customers is paramount. C&M is donating to local food banks, supporting customer outreach and working with local businesses to help them with their recovery. We are frequently checking in with customers and employees to see if we can offer any support or assistance. Keep an eye out for new information including our newly extended hours, available through our website, email and text alerts. We are extremely grateful for all our frontline employees and customers who have kept our businesses running over the past six weeks.

Sincerely,

Glenn Morreale, President
